

# TEAM BUILDING FOR CORPORATE GROUPS

## CUSTOMIZED PROGRAMS

Our team building programs for corporate groups are customized to fit your group's specific personality and goals. Choose from our predesigned offerings or let us create a unique experience just for you. Either way, Lake Geneva Canopy Tours has a team building experience to suit the interests of most any group.

### PROGRAM OPTIONS

- **Creativity and Innovation** – Start your team building experience with the Creative Synergy Scale, an assessment tool that pinpoints areas where your team would most benefit - *\$99 per person*
- **Customized Experience** – Let us create a team building experience based on your unique goals. Half day team building - *\$60 per person*  
*Add to your customized program by adding a high element:*
  - **Team Building plus Dual Racing Zip-line** – *\$90 per person*
  - **Team Building plus High Ropes Course** – *\$100 per person*
  - **Team Building plus Canopy Tour** – *\$155 per person*
- **High Physical Challenges** – Low and high ropes focused experiences bring the physical challenges front and center - *\$100 per person*
- **Competitions** – Combine collaboration and the spirit of competition - *\$75 per person*
- **Paddling** – Team building at LGCT and then head out on Geneva Lake in kayaks or on Stand-Up Paddle Boards - *\$160 (2-hour paddle), \$110 (1-hour paddle)*
- **Indoor Programs** – Team building in winter? Yep, we do that and can avoid the cold and snow with our indoor programs - *\$85 per person (add indoor rock climbing for \$150 per hour)*
- **Mobile Team Building** – Let us come to you at your office, retreat center, or meeting - *\$60 per person (plus a travel surcharge determined by location)*

## BENEFITS FOR YOUR GROUP

- Strengthen inter-personal relationships between group members
- A more collaborative working environment
- Skill development: leadership, goal setting, communication, problem solving
- A shared experience that is unique and fun
- A low risk way to explore your group's performance strengths and weaknesses

## TEAM BUILDING EXPERIENCES HELP BIG GROUPS...

- Incorporate new members into a work team
- Establish relationships and group standards for new teams
- Test team performance under challenging circumstances
- Explore strategies for team collaboration
- Assess team dynamics and leadership potential

# CREATE YOUR OWN CUSTOM TEAM BUILDING ADVENTURE

## WHAT TO EXPECT

Participants can expect to complete a series of active and hands-on group initiatives that provide a window into the interpersonal relationships, decision-making process and ability of the group to complete tasks. To enhance group and individual learning our staff facilitates reflection discussions that reinforce newly enhanced skills and provide key insights that can be transferred to the workplace.

## A FEW WORDS ABOUT TEAM BUILDING WITH CO-WORKERS

While many people relish a day spent outside of the typical work environment, the idea of undertaking physical and mental challenges alongside coworkers can feel a bit daunting. So, while we encourage all participants to fully engage in our team building activities, we operate based on a philosophy of Choose Your Challenge. This means that each person has the freedom to decide their level of involvement, an approach that helps individuals overcome anxieties they might have about participating.

Additionally, we place an emphasis on seamlessly building accommodations necessary to allow everyone in the group to participate despite physical limitations.\* It is our experience that those who start one of our programs with a sense of hesitancy quickly find that they are enjoying themselves and learning more about their coworkers in a few hours than they thought possible and go on to establish a basis for better and more productive relationships.

*\* Please see our Team Building Requirements webpage for details on weight restrictions for certain activities.*

## WE FOCUS ON YOU

Our staff work with you prior to your team building program to discuss your goals for the experience, to review aspects of the group such as participant ages, any physical accommodations that should be planned for and how we can best assist the group to transfer their team building experience into their day-to-day interactions.
